Qualifications: I have a Bachelor's degree in Computer Science from Weber State University and spent eight years serving as a Combat Engineer in the U.S. Army Reserve. My career has provided me experience creating budgets, managing projects, and supervising personnel.

- limits on the rate at which property values can be reassessed,
- elimination of unfair tax incentives,
- requiring law enforcement to obtain judicial approval for administrative subpoenas (HB 150),
- fair redistricting standards and more representative voting systems, and
- minimizing the interference of state government in our personal lives.
